**Location: [Bangalore Karnataka/Nagasandra]**

**Client: POD 52 Boys PG**

**Site Supervisor: Mr. Mohammed Aleem**

**Project Timeline: Start [June, 2023], Completion [June 2023]**

### **Project Description:**

The construction project focused on the implementation of a resilient steel structure for a gym and canteen area. The gym space is crafted to provide a robust environment for fitness activities, while the canteen area, also utilizing steel structures, offers a durable and modern space for dining. This project seamlessly combines functionality with strength, creating distinct areas for recreation and dining within a contemporary architectural framework.
